Aaron continues to prune on the Boulevard and bridge. New plants will soon be planted in the bridge planters to add color to the area. He will monitor their condition closely due to irrigation issues. It was mentioned that our current system is inconsistent and heavily outdated but will be undergoing updates shortly. Coral creepers were placed in a number of planters. Lois Kelley, a community member, recommended using Florida native plants to eliminate current issues. VII. Old Business:

- A. Thomasson Drive-Staff Update:** The CEI selection process was completed and AECOM was chosen. Staff anticipates bringing the item to the BCC on December 11 for approval to negotiate and then proceed with drafting a final contract by February. Improvements on Hamilton will impact the current parking taking place to service Bayview Park. The Parks and Recreation is revisiting the parking situation and will present parking options in December.

VIII. New Business:

- A. Sheila Dimarco made a motion to approve the removal of the tree. Robert Messmer seconded the motion. Passed unanimously. Adam also requested to review the landscape buffer for the property. He presented an official document from the county that states the petitioner be responsible for the construction and maintenance along the northern and eastern end of property. Adam also mentions that there is a pressurized sewer line along that end of the property that does not allow for bushes or trees to be planted. The CRA agreed to follow up with the Development Review Division. Adam hopes to open shortly after the new year.
- B. Irrigation System-Upgrade Request:** After meeting with the irrigation master controller from Collier County, it was determined that our current system is not up to current code standards and 2 boxes need to be upgraded. A quote was obtained that estimated a total cost of \$5,000 per box. George Douglas made a motion to proceed with the box upgrades to not exceed \$10,000. Sheila Dimarco seconded. Passed unanimously.
- C. Christmas Decorations:** The community Christmas décor will be installed during the upcoming weekend. Although a different vendor will be used, the scope of work will stay the same.

E. Celebration Food Truck Park: Patrick Johnson, Celebration Food Truck Park Manager, discussed the 10 ft strip of land within the County Right of Way that was required by code to be covered in sod. However, after discussing it with CRA staff, it was suggested perennial peanut would be a better option and would meet the code requirements since it was easier to maintain and be consistent with the rest of the food truck park area. Mr. Johnson was requesting that the CRA consider installing the plants and in exchange Celebration Food Truck Park will be responsible for maintaining the strip. Aaron Gross presented and explained 4 quotes that showed different options. The quotes were reviewed, and it was decided to combine quotes E446 and E445 which included perennial peanut and hedges. It was also agreed to draft a maintenance agreement in the future. Sandra Arafet made a motion to proceed with installation not exceeding \$3300. George Douglas seconded the motion. Passed unanimously. Camille KIELTY introduced herself as a new community business owner partner. Their business venture will be aligned with 360 Market and be presented as Celebration Park Adventures. It will include paddle board and kayak rentals. Camille and her partners are currently awaiting a zoning certificate to proceed further.
