**April 06, 2022 Meeting Minutes**

**BAYSHORE BEAUTIFICATION MSTU MINUTES OF THE APRIL 6, 2022 MEETING**

The meeting of the Bayshore Beautification MSTU Advisory Committee was called to order by Maurice Gutierrez at 5:00 p.m. located at 3299 Tammiami Trail E, BCC Board Room Third Floor.

- I. **Roll Call:** Advisory Board Members Present: George Douglas, Maurice Gutierrez, Sandra Arafet, Bob Messmer and Susan Crum. Ms. Forester noted that Jim Bixler had resigned from the Advisory Committee.  
**MSTU Staff Present:** Tami Scott, Project Manager and Shirley Garcia, Operations Coordinator. Debrah Forester, CRA Director attended virtually.
- II. **Pledge of Allegiance:** Led by Maurice Gutierrez.
- III. **Adoption of Agenda:** Ms. Forester added under old business Hamilton Ave project update. Staff had received an application from Joann Talano and would request it be added under new business. She noted the next meeting will change to May 11 to accommodate the schedule at Naples Botanical Garden. Sandra Arafet made a motion to accept the Agenda as amended, second by George Douglas. Motion passed unanimously.
- IV. **Adoption of Minutes:** George Douglas made a motion to accept the previous meeting minutes as written, Susan Crum seconded. Passed Unanimously.
- V. **Landscape Report:**
  - a. **Update on Landscaping** – Armando from A&M was in attendance and to date he is catching up with all the irrigation issues, keeping up with the new landscaping on Thomasson Drive and made some recommendations to staff for filling in some of the medians. Since this is a high pedestrian traffic area and the heat he is recommending some heartier plants that have a lot of color. He is recommending putting in a timer for the irrigation until all the construction is done to at least keep water in the medians. Ms. Scott presented the quotes from Armando with his recommended plantings with each quote separated by medians in case they wanted to do a couple at a time but her recommendation is to do all of it because the north Bayshore Drive renovation project is several years away Sandra Arafet made a motion to approve all the recommended plantings, second by George Douglas approved unanimously.
- VI. **Community / Business Presentations:**

### **VII. Old Business:**

- a. **Work Plan 2022/2023-** Ms. Forester presented the work plan that was provided to them at the joint meeting for review. Consensus to move forward with the workplan as presented.
- b. **Hamilton Ave Project Update** – Olivier Sureau, Project Manager attended to provide the updates on the progress with some timelines. He had some questions from community members that he addressed. The first question was asking about the stormwater and the design of the Danford Street project. Stormwater has restored all of their pipes and trimming of the vegetation and maintenance has been completed along Danford. Ms. Davis asked if the project from Stock development would be accessing Hamilton Avenue or will it be just construction access. He is assuming that this will be an actual entrance/exit and not be just for construction access but will clarify. Sandra Arafet asked if he could find out what type of entrance it will be so he will find it out. There is a closed sidewalk sign along the Windstar wall because they had to remove it since it is under construction. Ms. Davis thanked Mr. Sureau and asked if Commissioner Taylor could add this information and road closure information on her monthly newsletter. Ms. Forester had noted that GMD sends out Road Alerts and maybe there could be a safety alert added into theirs and also send it to Penny Taylor's office to add that as well.

### **VIII. New Business:** Ms. Forester noted with the resignation of Jim Bixler there are now two vacancies. The Committee can consider filling both positions at this time or continue to advertise and fill the second vacancy next month.

- a. **Frank McCutcheon-** Mr. McCutcheon provided a brief history of his experience and now retired. After some discussion and questions from the committee, Maurice Gutierrez made a motion to nominate Mr. McCutcheon to the committee, second by George Douglas, approved unanimously.
- b. **Joann Talano** – Ms. Talano provided a brief history of her experience and her commitment to the committee. After some discussion and questions from the committee, Maurice Gutierrez made a motion to nominate Ms. Talano to the committee, second by George Douglas, approved unanimously.

### **IX. Staff Reports:**

- a. **CRA Directors Report-** Ms. Forester provided the report and highlighted some of the projects included approving the PO for demo for Dels, Public Art Committee applications, boardwalk on the 17 acres renegotiating with Stantec to just do the design and permitting of the pedestrian connection, Shuttle Service will be brought up to the Board of County Commissioners

workshop and see if they will support that.

- b. Project Manager Report-** Tami Scott highlighted a couple of projects: Median 23 is the median right off of US41 on Bayshore Drive was cleaned up and mulch was put down where the dead plants used to be. Staff will partner with the Botanical Garden to do something special in certain areas on Bayshore Drive. She reminded the Committee of the monthly walks scheduled with our contractor, A&M and hoped members would attend, it provides an opportunity to identify issues and corrective actions. There will be a dedication for Jeanne Harvey on May 13<sup>th</sup> at the parking lot, the public is invited. Improvements to the parking lot include: new signs with rules, working on a timer for the heritage tree so it turns off at night and turns on at daylight. She bought a new American Flag for the roundabout with different material because the other one has not lasted a year yet. There is new plantings in the bridge planters and new plants in the new pots on the bridge. The hedge was cut down on Linda Drive and Bayshore Drive because there was a homeless issue and complaints. Access Management Plan is in process. .
- c. Insurance Claims Report-** The monthly maintenance report was attached if anyone had any questions.
- d. Financial Report-** The financial report was attached if anyone had any questions.

#### **X. Communications and Correspondence**

- a. KCB Clean up –** Ms. Forester provided the update on the clean up and thanked everyone for volunteering.
- b. Collier Assistance program for rental and mortgage information attached.**

- XI. Public Comments:** Ms. Tutino asked about the traffic from Isles of Collier and she is concerned about the traffic it will bring to Danford and can we do a traffic calming for them on Danford. Mr. Aandrasse had asked if the demo is going forward since they only received one bid because that seemed expensive for Dels'. Ms. Forester noted that the staff does a cost reasonable study to verify whether or not that the cost is reasonable for that type of service.

#### **XII. Staff Comments:**

- XIII. Advisory Committee Comments:** Maurice Gutierrez mentioned that staff in the past was looking at some of the side streets for traffic calming devices and could we put that back on our list to look into it like on Lakeview Drive and Danford Street.

## **May 11, 2022 Meeting Minutes**

### **BAYSHORE BEAUTIFICATION MSTU MINUTES OF THE MAY 11, 2022 MEETING**

The meeting of the Bayshore Beautification MSTU Advisory Committee was called to order by Maurice Gutierrez at 5:00 p.m. located at 4870 Bayshore Drive, FGCU Buehler Auditorium.

- I. **Roll Call:** Advisory Board Members Present: George Douglas, Maurice Gutierrez, Sandra Arafet, Bob Messmer, Susan Crum and Frank McCutcheon. Joann Talano had an excused absence.  
**MSTU Staff Present:** Tami Scott, Project Manager, Debrah Forester, CRA Director.
- II. **Pledge of Allegiance:** Led by Maurice Gutierrez.
- III. **Adoption of Agenda:** Maurice Gutierrez made a motion to accept the Agenda as amended, second by Susan Crum. Motion passed unanimously.
- IV. **Adoption of Minutes:** Minutes were not available this meeting will provide on next month's agenda.
- V. **Landscape Report:**
  - a. **Update on Landscaping** – Monthly maintenance report was attached. Ms. Scott noted that Mr. Armando Yzaguirre was unable to attend.
- VI. **Community / Business Presentations:**
  - a. **Danford Stree Update-** Olivier Sureau, Project Manager attended to provide the update on Danford Street. Mr. Sureau noted there were no changes on Danford Street design, RWA is currently working on Stormwater analysis and is reviewing three options. He anticipates that being completed in August. He noted the progress and the road shift that will take place after in mid to late June. There are road alerts for the traffic while the construction is going on. Sandra Arafet asked if there could be a device installed letting the public know there are no boat parking spaces available to alleviate the traffic on Danford St. Mr. Sureau will speak with Parks and Recreation Department to inquire about that.
- VII. **Old Business:**
  - a. **Bayshore Drive Irrigation update-** Ms. Scott provided the update and with some suggestions from the Dan Rodriguez, Deputy County Manager staff will look into hooking into a well for the irrigation issues and wants staff to research

that. The quickest and most economical fix is to put in timers to get these medians some water in the interim until Access Mgmt is completed and staff does a complete overhaul. The north controller was repaired and the cost was about \$3500. Staff is also getting information from the City of Naples to install hose bibs to assist with hand watering that is needed. However, the cost to use potable water could be high. Questions were asked regarding the water quality of well water. Ms. Scott will continue to investigate. Rainy season will soon start and some of these issues will be temporarily resolved.

- b. Bayshore Drive Median Enhancement Update** –Ms. Scott provided the status on the plantings in the medians, Armando is almost done and the medians look great. The only median not completed is the bridge median because the bromeliads didn't take so they will put down some rock or shell and bring the plants to the shop.

#### **VIII. New Business:**

- a. Bayshore Drive Medians-Royal Palm Trimming-** Ms. Scott noted some complaints that have been coming into the office in regards to hanging palm fronds on the Royal Palms in the medians, she understood those were self cleaning and it is not covered under the landscaping contract to have those removed. Staff reached out to the Landscape Manager in Collier County Pam Lulich to ask if the County removes the fronds off the medians in the County. Ms. Lulich recommended Davey Tree Service who trims the fronds and bungee ties them up. The County does it two times per year. Ms. Scott reached out and received an estimate of \$7,500 - \$75/tree for one trim and bungee cords are a separate purchase. Maurice Gutierrez raised some concerns because he does not want to damage the Royal Palms and would like to see the Palms the County has been trimming to compare the cost versus the maintenance and if it makes that much of a difference in beautification. Sondra Arafet was concern about the expense. The committee agreed to table the item until next month and staff will provide them the areas that were being trimmed by Davey Tree Services for the members to visit and compare.

#### **IX. Staff Reports:**

- a. CRA Directors Report-** Ms. Forester provided the report and highlighted some of the projects. Ms. Forester noted that the 71 acre site at the end of South Bayshore is no longer on Conservation Collier list to purchase because the property decided not to sell it to the County. Del's demo is scheduled to begin in June and should take approximately 45 days. Maurice asked if the CRA has received any unsolicited offers to purchase the property and staff reported none have been received.
- b. Project Manager Report-** Tami Scott highlighted a couple of projects:

Haldeman Creek MSTU

## **Item 4b**

Road Maintenance has been cleaning up under the Haldeman Creek Bridge, the fence has been repaired under the bridge but is not the reinforced fencing that has been requested. Staff will continue to monitor the area. The Access Management Plan is continuing and staff has a meeting with Collier County and the consultants to review data. There will be an update at the next meeting. FDOT is scheduled to begin work at the intersection of US41/Bayshore in June. The work will include removal of the “pork chop” and tree. Staff will be meeting with the Naples Botanical Gardens to look at median 20 and 23 and the intersection to discuss options for improvements. Tami Scott noted that after discussion with the Naples Botanical Garden, the plantings included in the construction contract will be revised, it may impact the costs. She will keep the committee posted once the final number is available. Organic Fertilizer option is being reviewed and will be discussed at the June CRA meeting. Jean Harvey dedication is scheduled for May 13 at the CRA Parking lot, public is invited.

- c. **Development Report**-Johnson Engineering provided the development report and was attached if anyone had any questions.
- d. **Insurance Claims Report**- The monthly insurance claim report was attached if anyone had any questions.
- e. **Financial Report**- The financial report was not attached for this month.

### **X. Communications and Correspondence**

- a. **Pickle Ball Tournament** – Ms. Forester provided the attachment on the pickleball and noted the new banners that were installed.
- b. **Jeanne Harvey dedication May 13<sup>th</sup> 3:30pm @ CRA Parking Lot**- Ms. Forester noted the dedication on May 13 if anyone was interested in attending.

### **XI. Public Comments:** Kathy Smart shared some concerns with density on residential and wanted to express the traffic issue that she has seen already experienced and does not want Bayshore Drive to become a highway.

### **XII. Staff Comments:**

### **XIII. Advisory Committee Comments:** Maurice Gutierrez expressed his concern that Ms. Scott noted that Botanical Garden could donate the plants to a private developer like Ms. Maddox a lot easier than they could donate to an MSTU or a Government Entity and wanted to have his concern noted about that. Sondra Arafat expressed her interest in maintaining the 17 acres for open space.

## **FOR IMMEDIATE RELEASE**

### **Hurricane Season Officially Begins June 1 Be Prepared *The first 72 are up to you!***

**The 2022 Atlantic Hurricane Season Officially Begins June 1 and Ends November 30.**

Hurricane hazards come in many forms, including storm surges, heavy rainfall, inland flooding, high winds, tornadoes, and rip currents. It is essential that your family be ready before a storm approaches and that you have a 72-Hour Disaster Survival Kit prepared. ***Remember, the first 72 are up to you! Stronger category storms may require you to have a 5-7-day kit.***

Every home should have a 72-Hour Disaster Survival Kit. Prepare a minimum three-day (72-hour) supply for each person – don't forget the pets. Although hurricanes are our focus at this time of the year, other events could require evacuation. Brush fires, hazardous material spills, floods, and tornados all have the potential to disrupt our daily activities.

**At a minimum, your 72-Hour Disaster Survival Kit should contain the following.**

**Food** - at least enough for three days for every person

**Water** - at least one gallon per day (three gallons per person, plus extra for the pets!)

**Blankets/Pillows**

**Cash** – banks and ATMs won't be open during power failures

**Cell Phone Car Chargers**

**Clothing** - seasonal/rain gear/sturdy shoes

**First Aid Kit** (including medicines and prescription drugs)

**Flashlights/Batteries**

**Keys** - an extra set of home and car keys

**Mosquito Spray**

**Radio** - Battery operated and NOAA weather radio

**Special Items** - for babies and the elderly

**Toiletries** (hygiene items/moisture wipes)

**Toys** (books and games)

**Tools** - keep a set with you during the storm

**Sign-up at Alert Collier** for local emergency alerts at [www.alertcollier.com](http://www.alertcollier.com)

**Important Documents** (in a waterproof container) – insurance policies, medical records, bank account/mortgage deeds/titles, Social Security cards, birth certificates, etc.

**Pet care items**

-proper identification/immunization records/medications

-ample supply of food and water

-a carrier or cage

-muzzle and leash

**Don't forget to fill your vehicle's fuel tank.**

Consumers can purchase qualifying disaster preparedness supplies exempt from tax during the **2022 Disaster Preparedness Sales Tax Holiday**. Passed by the Florida Legislature and signed into law by Gov. Ron DeSantis, the sales tax holiday begins **Saturday, May 28 and extends through Friday, June 10**. The Department of Revenue created a [webpage](#) to provide information and promotional materials for consumers, businesses, and other interested parties.

Collier County encourages all residents to **sign up for Alert Collier**, the County's mass notification system. When you sign up with Alert Collier, you can enter up to five addresses within the County boundaries that you would like to receive emergency alerts. For example, enter your home, work, relative, school, or other meaningful address. Then, you will receive a notification if an alert is issued for that location. Register at [www.AlertCollier.com](http://www.AlertCollier.com) or call 3-1-1 within Collier County.

View the Collier County online edition of our [All Hazards Guide](#) for more information.

**La temporada de huracanes del Atlántico 2022 comienza oficialmente el 1 de junio y  
finaliza el 30 de noviembre.**

Los peligros de los huracanes se presentan de muchas formas, incluidas las marejadas ciclónicas, las fuertes lluvias, las inundaciones tierra adentro, los vientos fuertes, los tornados y las corrientes de resaca. Es esencial que su familia esté lista antes de que se acerque una tormenta y que tenga preparado un kit de supervivencia en caso de desastre de 72 horas. Recuerda, ¡ Los primeros 72 dependen de ti! Las tormentas de categoría más fuerte pueden requerir que tenga un equipo de 5 a 7 días.

Cada hogar debe tener un kit de supervivencia ante desastres de 72 horas. Prepare un suministro mínimo para tres días (72 horas) para cada persona; no se olvide de las mascotas. Aunque los huracanes son nuestro enfoque en esta época del año, otros eventos podrían requerir evacuación. Los incendios forestales, los derrames de materiales peligrosos, las inundaciones y los tornados tienen el potencial de interrumpir nuestras actividades diarias.

Como mínimo, su kit de supervivencia ante desastres de 72 horas debe contener lo siguiente.

**Comida: al menos suficiente para tres días para cada persona.**

**Agua: al menos un galón por día (¡tres galones por persona, más extra para las mascotas!)**
