FEMA

Floridians who have been impacted by Hurricane Ian may be eligible for FEMA grants for temporary lodging or rental assistance if home is deemed uninhabitable by the storm. May also be eligible for basic home repairs, personal property losses and other eligible expenses. Applications for disaster assistance can be completed by calling 800-621-3362 between 7:00 AM to 11:00 PM EST or visiting www.disasterassistance.gov or through the FEMA mobile app. Applicants must apply for assistance within 60 days of the disaster declaration. When you apply for assistance, have the following information ready:

- A current phone number where you can be contacted
- Your address at the time of the disaster and the address where you are now staying
- Your Social Security number
- A general list of damage and losses
- Banking information if you choose direct deposit
- If insured, the policy number or the agent and/or the company name

Important to note: *FEMA is a stop gap for folks who are left without any coverage.* What does this mean? When you register with FEMA, and apply for assistance, you will have to declare your insurance coverage (if any) and you will be screened to determine if you qualify for a low-interest Federal loan through the Small Business Association (SBA) or a grant from FEMA. Representatives of FEMA have started to go door-to-door in the hardest hit areas, and it is very important to look for the FEMA identifying badge and the FEMA logo on their clothing.

How to Appeal FEMA's Decision If you receive a letter from FEMA saying you are ineligible for assistance, you can appeal the decision and provide more information. For information of how to file an appeal within 60 days of denial visit: <https://www.fema.gov/fact-sheet/how-appeal-femas-decision>
