The construction work is completed and the main waterline is repaired so he will fix the irrigation system. He is unable to fertilize because the irrigation is not working in some of the new plantings areas. Once fixed he will fertilize. He noted he should be done on Thursday. By next month all the landscaping should be looking great. Median 23 has been planted and median 20 closest to US41 will not be planted until the FDOT project is completed. The next walk of the area will be on January 20<sup>th</sup> at 9:00 am. Anyone interested can attend, meet at Del's Corner and this walk will focus on Hamilton Avenue.

should be installed shortly. She reminded everyone of the community meeting on January 21<sup>st</sup> at the 17 acre site to review the pedestrian connection plans and noted the flyer in the packet. She has been working with the Naples Botanical Garden related to the color and flower choices she is installing. The electrical breaker box at Bayview and Bayshore drive will be assessed to make sure it is up to current code if not it may need to be replaced, it has caused a lot of issues for the irrigation pump and lighting. Harts Electrical thinks it is all because that breaker box needs to be replaced.

George Douglas made the motion to continue paying for the pedestrian lighting, second by Frank McCutcheon approved unanimously.**

##### **c. Sidewalk Repair – West side of Bayshore Dr. - Ms. Scott presented the sidewalk area that needs to be repaired in front of Mattamy Homes. The sidewalk has been lifted due to the age and size of the trees and was further impacted by Hurricane Ian. She met with Road Maintenance, who is responsible for the concrete sidewalk, and discuss the situation. The recommendation is to install approximately 400 feet of new concrete sidewalk – six feet instead of five feet if right of way permits and have it installed straight instead of meandering Road Maintenance has requested the MSTU fund the removal of the trees since they were originally installed by the MSTU. Maurice Gutierrez made a motion to pay for removal of the trees so they can straighten out the sidewalk and repair the broken sidewalk, George Douglas second the motion approved unanimously.**
